

I pledge to #VoteArtsandMusic on Nov. 8!

This November, California voters have an opportunity to ensure that EVERY public school student has access to Arts & Music education. **Proposition 28 would provide over \$900 million annually for arts and music education in every PreK-12 public school in California – without raising taxes.** It will address the issue of equity by providing extra funding to schools which serve students in high-needs communities, in particular Black and Latino students. The measure also contains strict accountability and transparency safeguards to ensure the money is spent only as intended.

Join the more than 1 million Californians who have signed on to support Prop 28.
